Euro Style Headlight

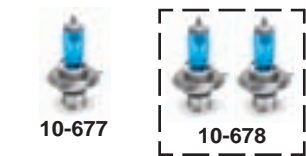

10-673

- OE-quality headlight has an aluminum die-cast housing with a protective finish coating, which makes the housing corrosion free.
- A brighter light focused on the road for a greater distance.
- Maximum light output is produced.
- Strong semi-hardened crystal clear glass lens.
- Lens does not diffuse the light associated with traditional headlight lenses.
- Includes a high-efficiency white halogen 12V 60/55 watt replaceable bulb.
- Light is DOT and SAE approved.

If you are adding brighter bulbs or upgrading to high power halogen lights, use a Heavy-Duty Headlight Harness. For more information, see page 51.

Genuine American Styling Made for American Demands

15-812

This is the exact dealer installed optional Luggage Rack of the '60s and '70s, designed and built for the sports cars in America. This Luggage Rack is made to last and give you extra carrying capacity for the many items that cannot fit in the limited trunk space. For cross country drives, the added capacity a Luggage Rack provides will come in handy. Because of its exceptional quality, it will provide years of service as you travel the great American highways.

Manufactured from strong heavy gauge stainless steel tubing, with welded construction, this Luggage Rack is mounted from the inside of your trunk. The Luggage Rack comes complete with all required mounting hardware for easy installation.

- 17" x 30" center to center mounting hole dimensions

Flame-Thrower™ Electronic Distributors and High Performance Coils

10-518

10-538

10-539

Now you can have a brand new distributor with the reliability of a modern electronic ignition but without the high cost of billet. These new cast distributors are built with the performance proven Ignitor electronic ignition system, and the advance curve has been optimized for performance and drivability. Distributors include the cap and rotor. The driving dog is already attached and there are only two wires to connect for a quick and easy installation. Use with part #10-538 or #10-539 Flame-Thrower™ Ignition Coil for best performance. For more information see page 43.

Flame-Thrower™ Distributors fit specific positive or negative ground models; check yours before ordering. If your car has been converted from positive to negative ground, you will need to order the negative ground distributor.

Your Sunbeam Could Be Shown Here !

You worked hard restoring your car ... and now you want others to see it. Send in a glossy (color or black and white) photo of your car to the address at the bottom of the page - Attn: Graphics Dept. Include your name, address, phone number and a note about what you've done to it. Please add any interesting stories you may have about it. Someday you might see your car inside this catalog or on our website. Then you can show off your car to family, friends and other Sunbeam owners.

Why You Should Buy from VICTORIA BRITISH LTD.

Dear Sunbeam Owners:

As your eyes travel this catalog, you'll benefit from: What you need to know about taking care of your car ... how to keep your car looking good on the inside and out ... how to improve performance ... how to keep the body of your car in trim shape ... how to make your engine sound great.

But that's not all. Here are ten more reasons you should do business with VICTORIA BRITISH LTD. based on the satisfied experiences of thousands of customers across the country and abroad.

- Confidence** ♦ You have the confidence you are dealing with an established company in business for over 25 years.
- Security** ♦ You are secure ordering online with the latest 128 bit encryption technology to keep your information safe using the industry standard Secure Sockets Layer "SSL". The SSL technology encrypts your credit card information to prevent it from being intercepted as it travels over the Internet.
- Trust** ♦ You can trust us. Through VICTORIA BRITISH LTD. you can depend upon the reliability of our car parts and accessories and the driveability they provide. They all add up to performance.
- Convenience** ♦ Direct online ordering is available 24 hours a day at www.VictoriaBritish.com or by fax at 1-800-541-8525 without having anyone else in the middle. If you do not have a VICTORIA BRITISH LTD. parts catalog yet, request one of our free catalogs today. You also have the confidence you can order parts and accessories from VICTORIA BRITISH LTD. by mail or toll-free by telephone at 1-800-255-0088, 7 days a week.
- Prices** ♦ You will certainly like our prices ... because they are very much in line. Whether it is original equipment, replacement or reproduction parts, VICTORIA BRITISH LTD. prices are among the lowest in the business because of our volume purchasing. By dealing with Long Motor Corporation and VICTORIA BRITISH LTD. through internet online ordering, mail order, fax or telephone order, you will have more dollars left over to put into your car. Indeed, the way to have fun is to be affordable! In fact, you will find that the prices at VICTORIA BRITISH LTD. are lower than the local car parts store. Find the "Right Part ... Right Price ... Right Now"™. Shop VICTORIA BRITISH LTD.
- Protection** ♦ All orders at VICTORIA BRITISH LTD. come with a full 180 days of purchase protection, return or exchange.
- Inventory** ♦ You will like our huge inventory of parts and accessories. We stock over 15,000 car parts and accessories so that you can get the part you need for your car FAST.
- Assurance** ♦ You have the assurance of working with VICTORIA BRITISH LTD., America's largest car parts and accessories distributor. VICTORIA BRITISH LTD. carries the most extensive inventory of car parts and accessories in the world. Our Customer Service department will work with you to process your car parts and accessories order in the most efficient manner possible! You will see that VICTORIA BRITISH LTD. has been going beyond the call of duty to help ALL of our customers since 1981.
- Credit / Debit** ♦ We accept Visa ... MasterCard ... American Express and Discover.
- Ordering** ♦ Discover the ease, safety and convenience of ordering your car parts and accessories online at www.VictoriaBritish.com. A direct order line is also available to you 7 days a week ... the toll free number in all 50 United States and Canada is 1-800-255-0088. Car parts and accessories orders can be placed with VICTORIA BRITISH LTD. worldwide at 1-913-541-8500.

4 HOW TO FIND EVERYTHING YOU NEED

How to Use this Catalog

Example: Wiper Blades

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
9-9706	(1)	WIPER BLADE	12345T	(2)	14.94 11.95

Please Note: Product drawings are only representations. Products supplied may vary from illustrations in this catalog.

ALL ITEMS ARE PRICED EACH IN THIS CATALOG.

"Kit" and "set" normally do one (1) car; read "REQD" column to be sure.

Explanation of policies is on pages 55 and 56.

Listing Explanation:

- PART:** The part number you order, i.e. #9-9706.
ILL #: Illustration reference number, i.e. (1) is the wiper blade.
DESCRIPTION: Name of part, i.e. wiper blade.
APPLICATION: Model and year part fits, i.e. Alpine Series 1, 2, 3, 4, 5 and Tiger.
REQD: Quantity of the part required for one (1) car, i.e. two (2) Wiper Blades are required for one car.
LIST: Suggested national list price.
SELL: The low price you pay for one part, i.e. Wiper Blade is \$11.95, making your total net cost \$23.90 + Delivery and Handling for the two wiper blades required for one car.

Part Number Definitions

- T** After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted.
-Z Remanufactured Part - Core charge will be applied then refunded after receipt of a rebuildable core.
-R Remanufactured Part - No core charge.

Chassis and Engine Number Change Points

Throughout this catalog you will find that certain parts will fit up to a certain chassis or engine number. Here are some examples to help you better understand how to read and understand your chassis and engine identification numbers. Chassis ID numbers are normally found in the body and dashboard sections of this catalog. Chassis numbers will also be found in the heating, brake, electrical and other areas where change points were needed. Engine ID numbers are normally found in the engine section, however they may also be used in other areas of the catalog.

Chassis ID Number Example:

12-3920 (1) LUG NUT-STEEL WHEELS 23 B9104497- (8) .69 .55

The numbers B9104497- designate that this part, #12-3920, will only fit Alpine Series 2 & 3 from chassis number B9104497. Refer to the chart on page 6 to check what year your Alpine or Tiger chassis number falls into.

6 CHASSIS ID NUMBERS / HOW TO FIND

What Year is Your Car?

What year is your Sunbeam? That's not always an easy question to answer. There are many reasons why your title may show a different year than the charts shown here. Normally in the '60s car dealers titled imports in the year they were sold. Therefore, the title may be off as many as two or three years from the actual model and series. Below is a comprehensive list of chassis numbers to help you order the correct replacement and restoration parts for your Sunbeam. Write the numbers for your car in the space provided, always refer to them when ordering parts... *WE DO!*

Fill in your car's identification numbers for future reference.

Model Engine Number Chassis Number

Where to Find Your Chassis ID

The Chassis ID Number for your Sunbeam can be found stamped on a plate secured to the hood lock platform.

Alpine Chassis ID Numbers

Series	Engine Size	Years	Chassis ID Numbers	Production Totals
Series 1	1494 cc	Oct 1959 - Oct 1960	B9000001 up to B9011904	11,904
Series 2	1592 cc	Oct 1960 - Feb 1963	B9100001 up to B9119956	19,956
Series 3	1592 cc	Mar 1963 - Jan 1964	B9200001 up to B92505863	5,863
Series 4	1592 cc	Jan 1964 - Sep 1964	B9400001 up to B9407936	7,936
Series 4*	1592 cc	Sep 1964 - Sep 1965	B94100001 up to B94104470	4,470
Series 5	1725 cc	Sep 1965 - Jan 1968	B395000001 up to B395019122	19,122
*All Synchro Transmission introduced. NOTE: Engine and Chassis Numbers are the same for Alpine models.				TOTAL 69,251

We want to thank Norman C. Miller, Conservator of the International Registry of Sunbeam Tigers from which we quote the following information.

There are, of course, many subtle elements embodied in the history of any automobile. Leading the list is the misnomer - "MKIA". While a bit of a mystery, the origin and use of this term seems little more than a convenient method of separating the 1965 and 1966 model years. Most Tiger owners understand it to mean any B3820#### vehicle. The "factory" however, makes no such distinction. There are only MK Is and MK IIs.

Similarly, the persistent rumor of late 1966 Tigers supplied with 289 CID engines from the "factory" is simply not supported by the surviving production records. The engine numbering system used by Rootes clearly specifies a unique alphanumeric identifier for 289s and no entry for a regular production B3820#### car lists anything but a 260. As an additional parallel, we have the ongoing confusion concerning the number of MK IIs produced. For unknown reasons, there were no assigned MK II chassis numbers from B382100003 through B382100099. B382100001 and B382100002 were assembled as production analysis vehicles, followed by regular production continuing with chassis number B382100100.

Tiger Chassis ID Numbers

Series	Years	Chassis ID Numbers	Production Totals
MKI Le Mans Coupe	1964	B9499997 up to B9499999	3
MKI	4/64-8/65	B9470001 up to B9473762 & B9473767	3,763
MKI Prototype & Photo Cars for '66 Model Year	1966	B9479975 & B9479976	2
MKI Prototype & Photo Cars for '66 Model Year	1966	PH650039 & PH650040	2
MKI CKD South African Tigers	1965	B9480001 up to B9480073	73
MKI	1966	B382000001 up to B382002706	2,706
MK2 Production Analysis MK 2s	1967	B382100001 up to B382100002	2
MK2** Production MK 2s	12/66-6/67	B382100100 up to B382100633	534
TOTAL			7,085

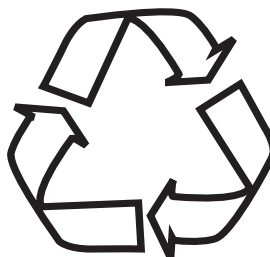

** Tiger production stopped June 30, 1967, however 151 cars were registered as "1968 models" even though assembled in 1967.

If You Can't Find the Part You Need in this Catalog, Here's What You Should Do:

1. Check the CLASSIFIED LISTINGS of your local NEWSPAPER (usually the Sunday issue is best) for cars being "parted out" (sold in pieces).
2. Check local SALVAGE YARDS. Even if they do not have a car like yours on hand, most salvage yards have access to a communication network which connects them to other salvage yards in your region of the country. Don't hesitate to ask them if you may use it.
3. Check local BODY SHOPS and GARAGES for parts accumulations they may have built up over the years. You might get lucky!
4. Check local WELDING and MACHINE SHOPS to see if they might be able to MAKE the part you need.

Our extensive in-house research facilities, combined with British Motor Heritage research, enables us to source nearly every new part currently available on a regular basis. If we don't have it new, it will probably only be available used.

We Care for You and Our Environment

VICTORIA BRITISH LTD. is making a concentrated effort to provide safe delivery and keep the environment as clean as possible. We use a polystyrene "peanut" as pack fill. It is photodegradable - which means that it will disintegrate in the sun, not in a landfill. It has been produced without ozone depleting chlorofluorocarbons. Codes have been given to identify recycling processes, check with

your recycling center to see if they accept polystyrene code 6. If this "peanut" is not recycled and is sent to a landfill, it's still environmentally safe. You may have noticed that some of our packing materials do not have our company name and logos printed on them; we use other boxes that have misprints or are overruns to help control waste and packing cost. VICTORIA BRITISH LTD. is helping you and our environment.
