

Standard Carpet Kits ... Save Cash and Improve Your Car

All right, so you don't want to spend a fortune. The Standard Carpet Kit is designed just for you. A complete carpet kit that not only makes your interior look better, but it is available for about half the cost of the "big time deluxe carpet kits". You save money and improve your image for only \$199.95 and up.

Standard Carpet Kits replace all interior carpets which are edged, stitched and bound where original carpets were. Made from plush cut pile with a 1/4" foam backing, these kits glue down as opposed to the original kits which snap down. Because they are fade free, they keep that new look year after year.

Standard Carpet Kit Includes:

- Front Floor
- Side Rail
- Bulk Head
- Tunnel
- Rear Tunnel
- Rear Bulk Head
- Rear Floor
- Rear Wheel Arch
- Rear Shelf

Sound Control Mat ... Hear and Feel the Difference

Sound Control Mat is scientifically designed to absorb and dissipate vibration created from the engine, road and structure of your vehicle to dramatically reduce noise. Cover as little as 25% of the area for a noticeable reduction in noise; increase coverage for even more noise control. Works best when applied in the following order: outer door skins, floor pans, firewall, behind dash, rear panels and roof. Just peel and stick; easy to cut and bend the 1.5mm thick sheet to conform to contoured surfaces and shapes with no preparation needed. For maximum noise reduction use with the Multi-Purpose Heat and Sound Insulation. Call or go online and order both today!

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
15-029	SOUND CONTROL 12" X 23" SHEET ALL MODELS	A/R	16.19	12.95

Multi-Purpose Heat and Sound Insulation

Uses Space Age technology to insulate against heat, cold and noise. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Works great under the hood, under your carpet or rubber mat, above headliners, behind door panels, on the firewall and behind the seat. This Multi-Purpose Insulation has numerous household uses. Save on your gas and electric bills by insulating your water heater, pipes, garage doors and attic.

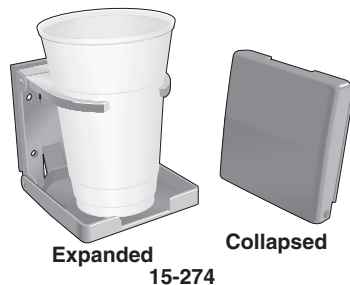

Use this Multi-Purpose Insulation with Sound Control Mat for maximum sound deadening. Call or go online and order yours today!

Use #14-049 Super Adhesive or #14-040 Spray Adhesive and #14-079 Aluminum Tape to easily install Insulation Material.

Seat Heater Kits ... Warm Yourself Up Before Your Car Warms Up

16-670

Seat Heaters are constructed with patented carbon fiber heating elements. Carbon fiber technology allows for quick, consistent and controlled warmth. The heating elements are paper thin and install between any seat cover material and the seat cushion. They are water-resistant and are not affected by damp clothes, spilled beverages or wet pets. Kit includes heating elements for seat back and bottom, three-way switch (Off/Low/High), pre-wired relay harness with fuse and easy-to-follow, fully illustrated instructions.

#16-670 contains two 11" x 11" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bucket seat applications.

Call or go online and order two Seat Heater Kits to ensure maximum comfort for the driver's and passenger's seats.

Universal Dash Mounting Kit

The 3-1/2" x 9" plastic faceplate in this kit is easily trimmed to fit your dash opening. The faceplate has a lightly textured matte black finish that blends with most dashes. Includes retro styled knobs. This is a Universal Mounting Kit and must be sized and trimmed for a custom fit.

For 12 Volt negative ground systems only!

This modern compact stereo with adjustable shaft mount is made to fit virtually any dash opening. The shafts are mounted in adjustable brackets and connected to the stereo with cables so you can put the knobs where you want them on your dash. This compact unit is full of modern features including front and rear panel AUX ports to play your digital music. Just plug in your portable player or USB flash drive with the included rear mounted USB cable and you are ready to go. The LCD display shows the MP3 and WMA track names. With the universal mounting bracket you can mount the stereo under the dash, in the glovebox or under the seat.

VB Car Cover™ ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive !

VB universal fit car covers provide protection from acid rain, dust, tree sap, industrial pollutants, harmful UV rays, animal traffic and bird droppings. Cover is not affected by temperature extremes. Fabric will not stretch or shrink and naturally resists rot and mildew. Elastic is sewn into the front and rear hems to ensure a snug fit. Car covers will actually pay for themselves by reducing the number of times you'll need to wash and wax your vehicle.

In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Start protecting your car's finish from the elements, call or go online and order your car cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

VB Car Cover™ offers three levels of vehicle protection, all economically priced; choose the cover that best fits your needs.

VB 1000 – Designed for Moderate Weather Conditions

- Durable synthetic fabric has the look and feel of more expensive covers.
- Water resistant, yet breathable.
- Double-stitched seams for maximum strength.

Fender Cover Protects Your Car's Finish

This is the best fender cover material we have seen. These durable fender covers are made from a poly vinyl chloride (PVC) material which results in a cover that resists automotive chemicals and clings to the surface of the vehicle while it prevents tools from sliding off. You will appreciate the 1/4" thick material that conforms to any fender, yet it won't scratch your car's finish. The PVC material easily cleans up with soap and warm water to stay looking like new.

15-021

The perfect protection for your car's finish while you work on the engine. Call now or go online and order yours today.

Add a unique custom chrome look to your vehicle with this Flexible Universal Chrome Trim ... the ultimate Car Trim. Now you can design accents and trim on your vehicle in the traditional patterns or create a unique custom look; it's your choice. Use a combination of any of the kits to achieve the look you want.

- The Chrome ABS Trim is easily cut with a pair of sharp scissors and features 3M™ peel-off backing for super strong adhesion.
- Scratch Resistant - UV Coated - Bright Chrome Finish.
- Pattern material is included for design and fitment of the flexible chrome laminate. Use the sand paper in the kit to clean up any edges or corners. This fun project will make your car stand out from the rest.
- Available in four widths.

Design it – Cut it – Install it! Just peel off the protective cover then stand back and admire your custom accents and trim. Always double check all measurements of materials needed for your design for your vehicle against available sizes of kits.

Convertible Tops Keep You Dry

Can't see out the back window? ... Could you stay drier in the shower? ... Are cracks in the San Andreas Fault narrower than the cracks in the seams of your convertible? Cheer up - VICTORIA BRITISH LTD. has the answer ... a new Convertible Top! These Convertible Tops are designed for easy installation and original fit. Quality preshrunk waterproof material finished in continental crush grain leatherette is used. Careful attention to detailing and custom workmanship make these tops the ideal replacement. All seams are stitched with Dacron thread and dielectrically heat sealed into the tops. Plastic windows are certified AS6 and are heat sealed into the tops. All fasteners necessary for proper installation are supplied, but not installed. Installation instructions are included for your convenience.

Key to Abbreviations: **CG = Continental Style Grain**
PP = Pin Point Style

Metal Rods and Header Rails do NOT come with Robbins Convertible Tops.

INSTALLATION TIP FOR FASTENERS: Take a piece of chalk and coat the top of the fastener which is installed on the vehicle. Place the Convertible Top in position and stretch the material to the proper placement and push in against the fastener you covered with chalk. The chalk will leave a mark on the Convertible Top where the fasteners are to be installed.

Top Frame Seal - See Page 9

A Tonneau Protects Your Interior

You park with the top down, come back and ... Burn your little buns because of the sun? ... Wonder where your radio went? ... Do you have to rake out your interior in the fall? A new Tonneau Cover is the answer! Tonneau Covers are made from the same fine quality preshrunk waterproof and continental crush grain leatherette finished material as the convertible tops. Tonneau Covers are top quality because they are designed and assembled by the most skilled craftsmen in the industry.

Available in black only. All seams are Dacron threaded and dielectrically heat sealed into the Tonneau Covers. Tonneau Covers are heavily reinforced, especially at points of strain, to ensure long life. All hardware necessary for proper installation is supplied, but not installed. Call or go online and order yours today!

Tonneau Cover Fasteners - See Page 8

INSTALLATION TIP FOR FASTENERS: Take a piece of chalk and coat the top of the fastener which is installed on the vehicle. Place the Tonneau Cover in position and stretch the material to the proper placement and push in against the fastener you covered with chalk. The chalk will leave a mark on the Tonneau Cover where the fasteners are to be installed. Remember, do not stretch the Tonneau Cover too tight, they do tend to shrink over time.
